Meme Crap Book

Memecoin on the most Degen chain + This digital book is linked with metadata to the token and the Book has even more!! MEME CRAP BOOK is next 1000x project.

Meme Crap Book ($MEMECRAP) is a fresh Binance Smart Chain memecoin inspired by the mysterious crypto artist Darksfarm1's creation: the Book of Meme.

Our goal is to establish a durable storage platform for memecoins, reshaping web3 culture with a mix of memes, decentralized storage, and trading features. We aspire to preserve meme content eternally by safeguarding it on the blockchain.
